

IACTS THORACIC CME 2025, KOLKATA

14th - 16th November, 2025
Taj Vivanta & NH RTICS

Welcome to

IACTS THORACIC CME

2025

Dear Sir/Madam

On Behalf of the organizing committee, IACTS Thoracic CME 2025, I extend my warm welcome to you in our upcoming IACTS Thoracic CME to be held on 14th- 16th November 2025 at NH-RTIICS and Taj Vivanta, Kolkata.

The industry houses have ever been with us for the upliftment of the discipline, serving the population and making such scientific gatherings into successful events. We are deeply thankful for it, and kindly invite your participation.

In this event, we will have the opportunity for insightful discussions on various thoracic topics including extensive and exclusive hands-on-experience.

The theme of this years Thoracic CME is "Leveraging technology for thoracic Surgery" - where there will be amalgamation of hands-on training on robotics surgery, VATS and Endobronchial procedures as well, which will be trainee-oriented and useful for the students who shall be the future torchbearers of the stream.

Across the year, our city has established itself as the pioneer in Eastern India starting Minimal Access and Robotic Thoracic surgery (VATS & RATS) where we cater to a large number of national as well as international patients, and they get state-of-the-art thoracic care along with multi-disciplinary team approach, which is one of its kind.

IACTS has given us the opportunity to host such a prestigious CME in the City of Joy, Kolkata where all the upcoming Thoracic Surgeons and faculties from different parts of India and the World will participate and exchange ideas.

Your participation is invaluable and will make this event successful, as well as strengthen our fraternity in this part of the country

Thanks, and regards

The Organizing Team
